

Hello Fellow Sportsmen,

Our hard and diligent work is finally paying off! We are able to say no other group in this state has fought harder and been more persistent in the struggle to preserve your right to hunt deer here in Wisconsin.

*Through our direct efforts we have been able to stop earn a buck in all but CWD management areas in Wisconsin. And will continue to fight until it is eliminated state wide.

*We have helped to draft and facilitate the youth mentoring bill that just gained a unanimous approval by the Assembly Fish and Wildlife committee.

*We are pushing for full disclosure by the DNR as to why thousands of acres of state land that had been purchased with **our** tax dollars is forbidden for us to use and explain what rational and scientific approach was used to derive such action. We also want to know why the DNR does not want to share this information with us.

I hope you all understand that without your financial support none of this would be possible. And that the process of checks and balances that made this country great has been thrown aside by the DNR and deprived us of what is rightfully ours without so much as a sensible explanation.

This is why we need you to attend our only major fund raiser of the year, **June 25th at Country Springs Resort in Pewaukee**. We have an outstanding venue planned that won't disappoint. From Semi auto pistols and tactical riffles to the hottest new bows on the market and kid' prizes that will keep every one entertained.

We are also honored to have celebrity guests like;

* Laura Francese, a 3 time national archery champion and 3 time state archery champion, the spokes person for Archery Talk .com, a pro shooter for Martin Archery, and a Buffalo Bills Cheerleader.

*Honored guest Gunnery Sergeant Tim LeSage, with two purple hearts and over 76 confirmed enemy neutralizations. He is a member of the coveted Marines scout sniper team and has served two tours in Iraq. (It is because of people like Tim that we are able to enjoy the freedom we have).

* Jon Syverson from Rage broad heads and the block target.

*David Langston from Hunters Safety systems

So please set aside **June 25th** to help support our heritage and join us for a great night of laughs, fun and prizes. The future of hunting in Wisconsin truly depends on you.

To reserve your seat visit us at www.sciwibowhunters.org or call us at 262-437-0097

Donations and sponsorships are greatly appreciated!!!!!!
